

SERVICE THAT IS SECOND TO NONE.

Knight Frank

A realistic approach to pricing and then to negotiation, backed up by a dogged determination to get the deal done. That's what you promised and it is what you delivered. **Mr A Brown**

A huge thanks to you both for selling our property. Lisa and I genuinely feel that your business and advice is head and shoulders above any of the competition. **Mr Ward**

I am writing firstly to thank you all at Ascot for concluding an excellent sale for us of Titlarks Acre. You gave excellent attention at all critical times with excellent back up from all your colleagues. My call at your office today was greeted with a splendid magnum of champagne, which we shall enjoy. Thank you very much for this kindness. **Diana & Robin Elliott**

We were very impressed with the overall level of service and professionalism Knight Frank exhibited in the private marketing of our property. The sale process was handled with the minimum of fuss and disruption and the timeline from identification of a prospective purchaser through to an agreed offer was extremely short. I am in no doubt that with Knight Frank in our corner, negotiations on price with the purchaser's buying agent were strengthened considerably. **Jeremy Rigg**

Knight Frank's service was impeccable. Throughout the sale process I have had easy access to the Partner handling my sale, James Heron. All administrative matters were dealt with without fuss or bother. James immediately gave me confidence –demonstrating expert knowledge and good market contacts, and remaining realistic and pragmatic. James brought in a number of competing bidders and when it came to finalizing the sale, worked throughout a weekend to secure the best deal for me with a price above the expected range.
