

WHAT OUR CLIENTS SAY.

Knight Frank

Generic image of Hampstead

I wanted to pen a quick note to say that your Hampstead office has been a delight to deal with: calm, professional, skilled at negotiation and sense of humour when needed. I am not often moved to write in this manner but in this case the Hampstead team deserve to be recognised. Since my arrival on April 2, I have dealt with probably six or seven real estate agents in Hampstead and Belsize Park, and Knight Frank were a cut above the rest.

Mr P.T.

We recently had occasion to use Knight Frank to search for a rental property in London. Despite a very tight one week search, Knight Frank did not unnecessarily rush us yet responded promptly to inquiries. They worked hard to guide us to properties we would be interested in and were attentive in negotiations for the rental and completed documentation in a record time. Despite this they also clearly explained the risks of the contract and were good in their responsibilities to explain the risks of the contract to us. We will recommend Knight Frank to our friends.

Mr C.A.Jr.

It's not often I write notes of congratulation, but on this occasion I feel it absolutely necessary as the level of service received from Knight Frank whilst handling our move from Manchester to Camden was nothing short of impeccable.

Mr A.E.
