## **Knight Frank**

Thanks for taking the trouble to check and get back to me and many thanks for your help over last few years!! We still use Knight Frank for all our lease extension valuations so the association will not end!

Thanks for your support, I have been really pleased by the service provided by Knight Frank but I will relocate in my home country so I do not need another apartment (I have one!).

Thanks for your help – much appreciated – over and above the call.

Thanks for all of your help during our search for a new home. I met and spoke with a number of estate agents and wholeheartedly found you to be the most genuine and thoughtful far and away. Never felt like i was being “sold” but assisted. Many references to come your way. Thanks again.
