
Tenant guide to renting

Step one: Registering for My Knight Frank

Before the tenancy process begins, one of our agents will register you with the My Knight Frank portal. My Knight Frank makes it quick and easy to manage your property journey and gives you an up-to-date record of where you are in the lettings process. You can see your viewing feedback, review your property information, and access resources to help guide you through the tenant process.

Step two: Placing an offer

When you have found a property you would like to offer on, you will need to complete an offer form. This will include details of the occupants, offer amount, proposed move in date, and any other additional requests. Knight Frank will then start the negotiations to secure your new home. Be ready to pay a holding deposit (if an APT – one week's rent, and if a non-APT – usually two-weeks' rent) once the landlord has accepted your offer; this is so the property can be removed from the market to allow us to begin the paperwork.

Step three: Offer accepted

Once your offer has been accepted and your holding deposit received, you will be introduced to our specialist tenancy progression team who will guide you through the next steps. They will provide you with a draft copy of the Tenancy Agreement, commence the referencing process and provide any other relevant information.

Step four: Referencing

Each tenant will need to be fully referenced. This will include confirming your income, obtaining a reference from a previous landlord and carrying out further checks as required. We will also need to complete a Right to Rent check on all adult occupants to confirm their UK rental rights. Typically this will be your passport and any applicable visa. These checks must be completed in person with an employee of Knight Frank within 28 days of the tenancy start date and can be carried out worldwide if you are relocating to the UK.

Step five: Preparing for your move in date

Once references have been completed and approved by the landlord you will be required to sign the Tenancy Agreement. We will also ask you to pay the balance of your move in monies and ensure you have arrangements in place to make future rental payments.

Step six: Moving in

We will arrange for the inventory to be carried out on the first day of your tenancy. Once this has been completed, the keys will be released to you. You will subsequently receive a copy of the inventory report, along with any other Tenancy documents. If your property is managed by Knight Frank, our specialist Property Management team will introduce themselves as your point of contact to deal with any initial or ongoing queries. Where the landlord has chosen to make their own arrangements for managing the property, we will share their details with you.
